Check which keywords are most repeated in your app and your competitors' description and with what frequency.

## **Digging Out**

The rules of football.

## **Fear and Trembling and The Sickness Unto Death**

As Dawkins has rightly pointed out: adaptations for the good of the group will look quite different from adaptations for the good of an individual 6. The preliminary results, based on a direct survey carried out at the end of the month of November seem to reveal that: A the students from the south obtained better O-level results than those of the centre and north; B the students from the north obtained higher scores at the entrance examination compared to those of the centre and south; C the few students from the south who chose to sit for the test in a northern university obtained very high O-level marks and also high scores at the entrance exam; D the students from the south who chose universities in the centre and north were strongly motivated in their choice, while those from the north who chose universities in the central or southern areas, usually did so for reasons of necessity but, probably, spurred by equally strong motivations.

## **Fire Inside: A Chaos Novel (The Chaos Series Book 2)**

The 4th and 28th had suffered high numbers of casualties during operations in the Hurtgen Forest and were receiving thousands of inexperienced replacements. The birth of the temporal border : tracing the contested emergence of the EU's Smart Borders Package.
